

February/09 Ministers Report

Valerie and I only have two items to add to our report for last month.

1. We have been doing some long range planning for worship, vacation and study leave. Please direct folks to the Woodlawn website for this information.
2. The main divisions of the Board and their subcommittees still have not all sent their regular meeting times to Donna to put in the room booking schedule. That would be of help to both her and Valerie and I as we plan our agendas and time.
3. Something that is new this year is an Ash Wednesday service. We want to start highlighting this in advance. Time will tell if it meets a need or not.

Please send this addendum to folks as a supplement
